Little League Queens Are Crowned

Three lovely young ladies were crowned "Queens" of the Little League football teams on Saturday night when the three teams from Appomattox hosted three Little League teams from Concord.

Standing left to right, Miss Kim Maxwell was named "Miss Mites", Miss Sharon Guill was named "Miss Midget", and Miss Frances McFaden was named "Miss T-Rex", when Roy Massie placed crowns on the heads of each of these girls. Massie is President of the Appomattox County Youth Association.

Kim is the daughter of Mr. and Mrs. Thomas Maxwell of Appomattox. She is 8 years old and is in the 3rd grade. Sharon is the daughter of Mr. and Mrs. Carlton Guill of Appomattox. She is 11 years old and is in the 6th grade. Frances is the daughter of Mr. and Mrs. Robert McFaden. She is 12 years old and is a student in the 7th grade.

The Queens were chosen by votes, the one getting the largest number of votes, at a penny each, won the title of the team she represented. Funds raised through this project will go to help support the Appomattox County Youth Association.

Winning Float In Parade

The "Super School Spirit Train" decorated by members of the Future Farmers of America at Appomattox County High School won top honors in the Homecoming Parade on Friday, October 26th.

There were lots of pretty floats and contestants for Homecoming Queen in the parade line along with clowns and other interesting things. Many spectators turned out for the parade and for the football game which followed at 8:00 p.m. when the Raiders played a mighty strong team from Rustburg High School.

YOUTH AND THE CHALLENGE

The night is far spent, the day is at hand: Let us therefore cast off the works of darkness, and let us put on the armour of light. Romans 13:12.

As young men followed Christ during His ministry, sharing His hardships, so the youth of our church have put on the armour of light. Oldsters may question the youth of today, their actions, and their methods, but God still trusts them and counts on them. They know the time is at hand, the day of Christ's return is near.

Have the young folks lost their vision of the work that lies at hand? Have they the Christian standards that upheld God's faithful band? Have they wondered in the highways that can lead to death and sin? Have they lost the faith of Peter, his evangelistic vim? All these questions may perplex us, and we wonder if they are true; as we try to solve youth's problems by our methods old and new. If the facts were all before us, I am sure you would agree that the questions are misleading, for our youth are fine and free.

For they rise to every challenge when it's given to right. They will join with all church members in the grand old gospel fight. They, too, share their faith with others as they tell them of our Christ. And they've led some poor old sinners to a happy Christian life.

They will set a good example and do just as we should do - So the challenge now before us is that we be firm and true - To the standards God has given us, to the message clear and straight,

Then the youth will surely join us as we march through heaven's gate.

New Course At ACHS This Year

This is the first year that Sociology has been introduced to the Appomattox County High School Juniors and Seniors. This subject is basically the science that deals with the investigation and analysis of human relations, their causes and consequences.

It is an elective course which offers various methods of studying human relations. Included in this subject, there are six basic books which deal with sociological spects, one being that of**Sociology: The Study of Human Relationships.** In addition to many types of literature, there are also occasional guest speakers such as Richard Carter, who dealt with the basics of sociology.

In furthering our knowledge of sociology, we are in the process of making a step to step survey. This will permit us to observe as well as comprehend various opinions and attitudes. We would sincerely appreciate your consideration and helpfulness if you, as an individual, would welcome us to your home for a short, brief questionnaire. This questionnaire deals with an individual's personal feelings concerning the accusations levied against President Nixon in the Watergate affair.

All of us have a stake in our County and your vote for vigorous law enforcement will help make our homes, highways and streets a safer place for each of us and our children."

Candidate For Re-Election

On Tuesday, November 6, 1973, the voters of Appomattox County will elect a Commonwealth's Attorney. Harry Gordon Lawson resigned as Commonwealth's Attorney on July 15th, 1972 and Judge George F. Abbitt, Jr. appointed William Sam Kerr to serve as Commonwealth's Attorney until the November, 1973 General Election. Under the new Virginia Constitution, County Officers are now appointed to serve until the next General Election. The regular election for the other County officers is in November of 1974.

Although unopposed for the Office of Commonwealth's Attorney, Sam Kerr stated, "I respectfully ask the voters of this County to give me their support Tuesday, November 6, 1973. I have held the office of Commonwealth's Attorney for a little over 10 months and during this time, I have tried to continue and improve the high quality of law enforcement in this County. We have seen an upsurge in crime nationally and locally and we must have strong, positive, law enforcement to let the criminal know that he is not welcome in our county. I also believe that along with vigorous law enforcement backward step.

W. Sam Kerr

As to repeal of the sales tax on food and non-prescription drugs, Appomattox County alone would lose $94.000 each year. I ask the people of Appomattox County, "How are we going to pay for the new school? Who is going to make the payments if we lose that money each year?" The tax proposed by Howell is a farce. It will not raise half the money that will be lost. Just last fall (1972) Howell proposed a new Constitutional Amendm e n t which would permit the Commonwealth of Virginia to tax local real estate in addition to present taxes. If Howell's tax plan is carried out, every person who owns real estate, home, farm and other property will see their taxes raised from 45 to 50%. Everyone who rents a home or apartment or room or other building will see his rent increased tremendously to meet the tax for it.

Make no mistake, we must meet our obligations. Whether we wanted a new school or not, the new school is here and the debt must be paid by those of us in Appomattox County. The only question is whether we'll pay it by keeping the sales tax or pay it out of our real estate.

The Governor of Kentucky was imported into Virginia to say how well Kentucky is getting on when it took off the sales tax on food. Suffice it to say, when the sales tax was taken off food in Kentucky not only was every person's income tax increased, but the general sales tax was raised from three cednts to five cents. Everyone in Kentucky is now paying more sales tax and more income tax than they ever paid before. Do you want the sales tax increased from four to six cents or do you prefer to keep it as is? I believe that under the present system, everybody pays the same tax and certainly everyone is obligated to bear some part of the government responsibility. When the sales tax was first passed, Governor Godwin did more than any one person to see that the rural areas received their fair share of the tax. This meant a tremendous amount every yhear to Appomattox County. Mills Godwin has the support of all ten members of the Congress (House of Representatives) and both United States Senators. This should tell the people of Virginia something.

Governor Godwin has pledg ed that as governor he will work to the very best of his ability to reduce the cost of government and to in every way possible reduce taxes. He has also said that he is entirely willing to see the sales tax on food and non-prescription drugs repealed if a fair method can be devised to replace those funds. So far, no such method has been found.

I urge the people of Appomattox to vote for Mills Godwin, a man of proven ability, concern for the people and who is dedicated to the best interests of the Commonwealth. We cannot afford to sit idly by and let outside big union bosses and the George McGoverns elect to the high office of Governor of Virginia a man who has attempted to distort his record, tried to deceive the people and to create division, unrest, and distruct among our people. A vote for Mills Godwin is a vote for good government, for an honorable man of integrity as well as ability who is willing to do those things he knows t be in the best interest of all Virginians regardless of political consequences. I urge all our people to support Mills Godwin for Governor.
